

a **WORLD** from a
SHEET
OF
PAPER

Take a sheet of paper.
By folding, stacking,
crumpling, tearing,
we will tour a rich
diversity of phenomena,
from geometry and magic tricks
to elasticity and the traditional
Japanese art of origami.
Much of the lecture consists of
actual table-top demos,
which you can try with
family and friends.

So then,
take a sheet of paper . . .

TADASHI TOKIEDA

FRIDAY APRIL 15th, 4:30pm (TEA @ 4pm)

DUKE UNIVERSITY, PHYSICS 128
