Math 103X.02 Homework 11—Not to be handed in

Professor: Lenny Ng

Fall 2006

§7.3: 1, 2, 5, 7, 8, 11, 14, 16, 18

Solutions to problems 1–18 in §7.3 are attached. This is the only practice you'll have on Stokes' Theorem and the divergence theorem before the final; I strongly encourage you to work through the problems listed above, and come to me for any questions you may have.
