

MATH 532 Spring 2018: Basic Analysis II

the class, then expect about 1-2 hours reviewing lecture notes per week, and another 1-2 hours on problem sets. During the midterm and final exam weeks, it should not take more time than the load in a usual week to prepare, given that you follow well the pace of the class and understand the problem sets and quizzes.

Grading Policy:

Evaluation will be based on (i) homework assignment (20%) (ii) quizzes (10%), (iii) midterm (30%) and (iv) final exam (40%). All exams and quizzes will be in-class. Discussion and collaboration on problem sets are encouraged, but all hand-in solutions, including homework, quizzes and exams, must be independent work. Late hand-in will not be counted towards grades except for special excuses (following the academic rules of the school). If a reschedule of an exam is needed, please contact the instructor as early as possible.
